Product Specification Sheet

Targus 90W AC/DC Universal Wall/Auto/Dual Digital Device Adapter (Ver.2)

Part #: APM62US-02

Product Description:

The Targus Universal 90W AC/DC Power Adapter features a new lightweight form factor and slim design making it ideal for use at home or on the road. The Universal adapter is designed to power and charge over 6,000 notebooks including the latest models and also includes 10 tips that are compatible with popular notebooks such as Dell, Compaq, Gateway, HP, IBM, Lenovo, Panasonic, Sony, Toshiba and more. The Universal Power Adapter can deliver an output of 15-24 V, or 90W of continuous power and up to 120W of peak power making it easy to power and charge your notebook at home, in the office, car, airplane, RV or boat. The adapter includes the Targus PPS port, which can be used with the Targus Auto/Dual Digital Device Power Adapter (APP2001US & APM12US), allowing users to simultaneously power/charge a notebook and different digital devices.

Product Features and Specifications:

- **Compatibility** - Includes 10 notebook tips and powers laptops from all major PC notebooks.
- **Portability** - Weighing just 10.6 ounces, this adapter is compact and lightweight for ease of travel and storage
